

The background features a collection of stylized blue hands holding various electronic devices. At the top left, a hand holds a tablet displaying a webpage layout. To its right, a hand holds a laptop with a similar webpage layout on its screen. Below these, several other hands hold smartphones and tablets, some also displaying webpage layouts. The entire scene is set against a dark grey background.

YEAR 7 INTRODUCTION TO BYOD

BYOD

BRING YOUR OWN DEVICE

WHO AM I

My name is Mr Williams.

I am the Technology Support Officer.

WHERE CAN I FIND HELP WITH TECHNOLOGY

If you are having problem with your laptop students can.

1. Look a the BYOD page on the school website.
2. Ask your teacher for help.
3. See the TSO during recess and lunch Wednesday, Thursday & Friday

CLICK TOP RIGHT INITIALS TO CHANGE PASSWORD.

The screenshot shows the NSW Student Portal interface. At the top left, the NSW logo and 'Student Portal' are visible. A blue rectangular area contains the user's initials. Below this, the date 'Wednesday 19th January' is displayed. A welcome message reads: 'Welcome to your new student portal. We have listened to your feedback and have updated the portal to be more robust, easier to use, nicer to look at! Watch a quick video by clicking anywhere on this banner to help you.' Below the message is a 'Launchpad' section with various application icons: Email, My school library (Oliver), Premier's Reading Challenge, Google Workspace, Google Calendar, Google Classroom, Google Meet, Microsoft Office 365, Microsoft Teams, Zoom, Adobe Connect, T4L Kids, T4L Kids TV, Student Podcaster, and Student Filmmaker. At the bottom, there are 'My bookmarks' (containing Google Apps) and 'School bookmarks' (containing Student Sentral Portal). A red arrow points from the user's initials to a dropdown menu that is open, showing options: 'Change password', 'Update secret questions', 'Help', and 'Log out'.

HOW TO COMPOSE A NEW EMAIL

First add the email address you want to send a message to

Add a subject

Type out your email message

Click Send!

The image shows a screenshot of an email client's 'New Message' window. The window has a dark title bar with the text 'New Message' and standard window controls (minimize, maximize, close). Below the title bar, there are three input fields: 'To' (with 'Cc' and 'Bcc' options to its right), 'Subject', and a large empty text area for the message body. At the bottom of the window is a toolbar containing a blue 'Send' button, followed by icons for text formatting (bold, italic, underline), attachments, images, links, and emojis. A red arrow points from the text 'First add the email address you want to send a message to' to the 'To' field. Another red arrow points from the text 'Click Send!' to the 'Send' button.

HOW TO GET FREE SOFTWARE

DOWNLOA DING SOFTWARE E

Student software can be large, and it is generally best if it is installed at home. In some cases it will take longer than a single lesson or lunch/recess break to install software.

This guide will direct you to the information students require to install free student software.

WHERE CAN I FIND THE INFORMA TION

Go to Woonona High Schools Website.

<http://woonona-h.schools.nsw.edu.au>

Or search for Woonona High School in your web browser.

In the about our school section access the BYOD link.

Work Health & Safety for staff and students

BYOD

Keira High Learning Centre

Year 7 2021

Keira High School provides excellent ICT facilities. To complement these facilities students are encouraged to bring their own computer or tablet to school to enhance the learning experience within classrooms.

Students from year 9 and up should be bringing a device to school daily. Other years can choose to bring a device to if they wish to use it in class.

Tablets

Recommended tablets are:

- Apple iPad - iOS 11 or higher
- Android Tablet - Android 5.0 or higher
- Windows tablet - Windows 10

Laptops

Recommended laptop devices are:

- Mac Laptop with OSX 10.10 or higher - older devices may work
- Windows Laptop with windows 8 or 10 - 7, Vista and XP cannot be used at school

Note. Windows machines should have the following minimum specifications

- Dual Core processor Intel or AMD
- 4GB of Ram
- At least 128GB of storage.
- 5hour Battery life.

Protective case is recommended for all devices.

Please complete and return a [BYOD Form](#) before bringing a device to school.

[BYOD forms](#) can be returned to the Computer coordinator or Technology Support officer.

Mobile phones not suitable

Please note that mobile phones cannot be used as BYOD devices as they cause disruptions in classes.
